Mrs. J. MOSSELL, Records Librarian, Michael Reese Hospital, Chicago, Illinois, advised as follows:

FANNIE RUBENSTEIN was first admitted to the Michael Reese Out-Patient Clinic, on September 25, 1933. Her date of birth was indicated as March, 1878, and her residence was shown as 739 Kostner Avenue, Chicago, Illinois. Her treatment was not indicated. There was no record of FANNIE RUBENSTEIN in the Psychiatric Division of Michael Reese Hospital.

It is the procedure at Michael Reese Hospital to destroy records for out-patients if the patient is not treated within the last five-year period.

It was indicated that FANNIE RUBENSTEIN was admitted as an in-patient at Michael Reese Hospital on April 4, 1944, with arterio sclerotic heart disease, followed by complications of terminal bronchial pneumonia. She died at Michael Reese Hospital at 7:20 PM, on April 11, 1944.

Microfilm copy of her death certificate indicated she was a white female, born on an unspecified day of March, 1878, at Lonzer, Poland. Her maiden name was FANNIE RUTKOWSKY. Her residence was shown as 3650 Lexington, Chicago; also, she had been the wife of JOSEPH RUBENSTEIN. Her attending physician was shown as Doctor J. MEYER.

FANNIE RUBENSTEIN was previously admitted to Michael Reese Hospital on July 19, 1943, for treatment of arterio sclerotic heart disease. She had been discharged from the hospital on October 24, 1943.

It was indicated her physician had difficulty in obtaining her medical history from her. This history showed that she had suffered from a thyroid condition and had a thyroidectomy performed thirteen years previously. Her medical history indicated that she had told of no record of diabetes or nervous or mental conditions.

It was also reflected that FANNIE RUBENSTEIN was
