Mrs. SANDERS advised that this morning she called GERALDINE REID, another employee, telephone number FE 1-6617, who told her that the police officer who had first entered the building ran into the lunch room where Mr. TRULY, the warehouse manager, and OSWALD were evidently lunching. The police officer put his gun into OSWALD's stomach but TRULY advised the police officer that OSWALD worked for him. Police officer turned away and evidently left the area. She said according to REID, OSWALD then went to the main office and REID, although she had not observed the initial incident with the police officer, told OSWALD that the President had been shot. According to SANDERS, Mrs. REID claimed that OSWALD just mumbled something and then left the office. She said REID did not mention how OSWALD left the office or for that matter if she knew how he might have left the building. SANDERS advised that the stairwell would probably have been the easiest way to leave without being too noticeable since the stairwell is in need of repairs and employees had been instructed not to use the stairwell.

OCHUS V. CAMPBELL, 7120 Twin Lakes Lane, Dallas, Texas, furnished the following information:

He is Vice President of the Texas School Book Depository Company, with offices located on the second floor of the Texas School Book Depository Building in Dallas.

On November 22, 1963, he was present at his office at the above named building and at about 12:30 PM on that day, he and several other associates were together stationed about 30 feet in front of this building facing away from the building observing the passing motorcade containing President KENNEDY. At this time, he heard a loud report, which at first he considered to be a fire cracker or some such object set off by a crank and believed the noise came from away from his building. This illusion, he explained, may have been due to the sound bouncing off the building and other objects in the vicinity. After hearing two more such reports, he realized that must have been rifle shots and since President KENNEDY's car had advanced just out of his vision, he went forward a few feet to observe this automobile, inasmuch as he feared that the rifle shots were in connection with an attempt upon President KENNEDY's life. He then observed the car bearing President KENNEDY to slow down, a near stop, and a motorcycle policeman rushed up. Immediately following this, he observed the car rush away from the scene. He then immediately rushed into his building without having seen anything unusual from any window of this building. Inside he was told shortly thereafter by the warehouse superintendent, Mr. TRULY, that all the employees of the company had been rounded up and one employee, LEE HARVEY OSWALD, was missing.

Mr. CAMPBELL observed a photograph of LEE HARVEY OSWALD, bearing New Orleans, Louisiana No. 112 723, and stated that he is sure this is a photograph of the employee named above, but added that he is not personally acquainted with him and has never seen him. He advised that he has always given Mr. TRULY the responsibility of hiring employees for the warehouse.
