COMMISSION EXHIBIT No. 1713—Continued
When to file.—A taxpayer desiring an extension of time for filing an individual income tax return on Form 1040 must submit an application on or before the due date of the return. If possible, the application should be submitted in sufficient time to enable the District Director to consider and to act on the application before the regular due date of the return.

How and where to file.—Complete this form in duplicate and file with the District Director of Internal Revenue for the district in which you live.

U.S. citizens abroad who have no legal residence or place of business in the United States should file with the Director of International Operations, Internal Revenue Service, Washington D.C. If a U.S. citizen abroad is requesting an extension of time for filing because he expects to receive income which will be exempt under section 911 of the Internal Revenue Code, he should use Form 2350 rather than this form.

Reasons for extension.—The District Director will, on a reasonable basis, consider an application for extension of time for filing a return if the taxpayer files a timely application which establishes that he is unable to file the return by the due date because of circumstances beyond his control. Generally, an application will be considered in the light of the efforts made by the taxpayer to fulfill his filing responsibility, rather than the convenience of anyone who assists him. However, consideration will be given to circumstances in which the taxpayer's power of attorney is unable, due to reasons beyond his control, to complete the return for filing by the due date, or to other circumstances in which a taxpayer is unable to get essential professional assistance in spite of timely efforts to obtain it.

Applications which give incomplete reasons such as "illness" or "practitioner too busy" without adequate explanation, will not be approved.

Blanket request.—Blanket requests for extensions will not be granted.

Period of extension.—Generally, extensions of time on an initial application will be limited to a period of time not in excess of 60 days. Longer periods of time will not be granted unless it clearly shown that an extension is granted in excess of 6 months for taxpayers within the United States.

Signature.—The application must be signed by the taxpayer or a duly authorized agent. If it is signed by a person with a duly authorized power of attorney, a statement to that effect should be made below. It will not be necessary to attach a copy of the power of attorney.

If the taxpayer is unable to sign the application because of illness, absence, or other good cause, any person standing in close personal or business relationship to him may sign the application. However, the signer must state below the reasons for his signature and his relationship to the taxpayer.
