Louisiana, who is believed to be presently employed by Boeing Aircraft Corporation. He explained that BRANYON would have worked with OSWALD while OSWALD was employed at the Kelly Company.

Miss ROSE SCHAMBRA, 5528 Catina Street, advised she is a "floor lady" at William B. Kelly and Company, Inc., 640 Magazine Street, and as such supervises the packaging of coffee.

She stated she has supervision over three coffee packaging machines which machines have to be greased regularly by maintenance men employed by the company. She continued that during the Summer of 1963, LEE OSWALD was employed as a maintenance man and as such would grease the machines under her supervision. She stated she found OSWALD to be a quiet and shy person who never seemed to converse with anyone. She recalled that when he did make his rounds to grease a machine, she would sometimes tell him which machine needed oiling and he would make no reply to anything she said. She recalled that on occasions she would tell him not to put too much oil in the fittings and he merely shrugged his shoulders without comment. Because of this shyness and quiet attitude, she felt sorry for him and one day approached him asking him his name. He merely replied "LEE," and kept walking.

Miss SCHAMBRA said that this more or less seemed to be typical of his attitude while he was employed at that company. She added that his mind seemed to be on something else instead of his work and never about conversation with employees. She stated she did not know any people with whom he might have been in contact and certainly none of his friends, associates, or members of his family. She added that she had had no contact with OSWALD away from the plant where they worked.

Miss SCHAMBRA advised that she knew no one by the name of SIDELL or name similar to that and certainly had never heard OSWALD speak of anyone by this name.
