ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

By letter dated July 16, 1964, the President's Commission referred to a memorandum captioned "Dallas, Texas, March 23, 1964." This memorandum contained the transcripts of all radio transmissions from Channel 1 and Channel 2 of the Dallas Police Department radio station covering the period from 10:00 A.M., November 22, 1963, to 6:00 P.M., November 24, 1963, as they relate to the assassination of President Kennedy, the murder of Dallas Police Officer J. D. Tippit, investigations of said assassination and murder, and the security and movement of Lee Harvey Oswald to the Dallas County Jail.

The President's Commission letter advised that in view of the importance of these transcripts, it was desired that the Federal Bureau of Investigation obtain the original tapes of the radio broadcasts and a new transcript be prepared from these tapes for the period 10:00 A.M. to 3:00 P.M. on Friday, November 22, 1963, and from 10:00 A.M. to 12:00 Noon on Sunday, November 24, 1963. The President's Commission letter requested that the name of the reporting police officer be listed alongside each message.

On July 21, 1964, Chief of Police Jesse K. Curry, Dallas Police Department, Dallas, Texas, made available to a Special Agent of the Federal Bureau of Investigation the original recordings reflecting the radio transmissions of Channel 1 and Channel 2 of Dallas Police Department Radio Station KKB 364 for the above-described period, and these recordings were reviewed by a Special Agent of the Federal Bureau of Investigation on July 21, 22, 23 and 24, 1964, at the Dallas Police Department.

COMMISSION EXHIBIT No. 1974-Continued
Lieutenant GASETTE advised that each dispatcher has a time stamp clock before him and pointed out these clocks are not synchronized. He demonstrated by simultaneously time stamping a blank piece of paper, using two of the clocks. It was noted that one clock stamped the time as 11:16 A.M. and the other clock stamped the time as 11:17 A.M. He stated this would explain a time element variation between Channel 1 and Channel 2. He further pointed out that the position of the hands on the clock appear different, depending on the angle of sight from which one is looking at the clock. He stated a short person would have a different angle of sight than a tall person. Lieutenant GASETTE stated this quite probably could explain the time element variation of the shooting of Officer J. D. TIPPIT with the Channel 1 entry indicating the approximate time as 1:16 P.M. and the Channel 2 entry indicating the approximate time as 1:18 P.M.

Lieutenant GASETTE also pointed out that the information relating to the shooting of Officer TIPPIT was broadcast to the Dallas Police Department on Channel 1 by a citizen using Officer TIPPIT's police car radio, which is a different radio frequency than Channel 2. He stated that this same information was then rebroadcast on Channel 2, which could also explain the time element variation between 1:16 P.M. and 1:18 P.M.

The following is a transcript of the radio transmissions from Channel 1 and Channel 2 of the Dallas Police Radio Station KKB 364 for the periods 10:00 A.M. to 3:00 P.M. on November 22, 1963, and 10:00 A.M. to 2:00 P.M. on November 24, 1963. It being noted that Channel 2 was not operating during the period 10:00 A.M. to 2:00 P.M. on November 24, 1963, as they relate to the assassination of President KENNEDY, murder of Dallas Police Officer J. D. TIPPIT, investigations of said assassination and murder, and the security and movement of LEE HARVEY OSWALD to the Dallas County Jail:

Dispatcher (RENSLEE)

No, that's all we had on it.

107 (Patrolman C. F. GOODSON) (Garbled) 10-4. There are about 15 or 20 officers out here covering this. Nobody can find anything.

18 (Sergeant R. E. DUGGER) 15/2 (Captain J. M. SOUTER). We have approximately 6 to 8 jockeys out here and 15 officers standing by out here. We have no actual need for except about 2. Can you advise?

**Dispatcher (HENSLEE)**

One of the telephone clerks brought it in here and said they talked to them at Forkland.

**70 (Sergeant S. E. VARNER)**

I called that information in from Forkland. We got it from the 2nd floor. It should be Governor CONNALLY's bags. They were on the President's plane. They didn't know if they had been taken off or left on the plane.

**Dispatcher (HENSLEE)**

170, are they CONNALLY's or JOHNSON's?

Go ahead.
