stated that if that sack was originally the color of the replica sack, it could have been the sack or package which he saw in the possession of OSWALD on the morning of November 22, 1963, but that he does not feel he is in a position to definitely state that this original is or is not the sack.

FRAZIER indicated on the replica sack the estimated width of the package in possession of OSWALD on the morning of November 22, 1963, and this was found to be an approximate width of 6 inches.

FRAZIER recalls that at some time, probably on the way to work on the morning of November 22, 1963, OSWALD told him that he would not be going to Irving, Texas, on Friday night, November 22, 1963. He could recall no other conversation by OSWALD except that on the way to work that morning, he mentioned to OSWALD that he probably had a good time playing with his children, and OSWALD said that he did.

CARL LINDSEY THOMPSON, Installer, Office Division Plant Superintendent, Southwestern Bell Telephone Company, Life Building, 311 South Alford, residence 818 South Marlboro, telephone number WH 8-3311, furnished the following information:

On November 22, 1963, ALSTON RAMSEY, one of THOMPSON's supervisors, telephoned about 10:00 p.m., and requested THOMPSON to go to the Central Police Department as they needed someone to run the circuits.

He arrived at the Central Police Department around 10:30 p.m., and reported to GILES BERRY, Supervisor, Mobile Telephone Shop. He went to the third floor radio room located in the old City Hall Building. He remained at Central Police Department until approximately 10:00 p.m., November 23, 1963. He is known to most Police Department personnel since he has been employed by Southeastern Bell for 23 years and spends a great deal of time at the City Hall Building. He does not recall being requested to identify himself during the above period.

He arrived back at the Central Police Building at 8:00 a.m., on November 24, 1963, and reported to the telephone company trailer which was parked midway between Commerce Street and Main Street on the east side of Harwood Avenue. This was the command post for the telephone company operation at the Central Police Building. He reported to BERRY and was assigned to help in the installation of additional telephones in the office of the Chief of Police. He also checked the temporary wires which were taped to the floor in the area of the office of the Chief of Police.

At around 10:30 a.m., he rode the elevator to the basement from the third floor where he was required to identify himself by an unknown officer in police uniform, by exhibiting his telephone company identification card. The officer also looked through his tool pouch. A uniformed police sergeant, name unknown, who knew THOMPSON by sight, came up and asked THOMPSON his business in the basement at which time THOMPSON advised he desired to pass through the basement to the freight elevator and then up to the fifth floor of the new City Hall Building to the telephone room. He could not cross through from the old City Hall on the upper floors

since all the gates were closed and locked on the connecting hallways.

The Sergeant escorted THOMPSON through the basement to the freight elevator. The Sgt. advised THOMPSON they might have trouble getting the freight elevator to the basement since the Sergeant had ordered the elevator operator not to come to the basement.

After the elevator did come down to the basement, THOMPSON went to the fifth floor to the telephone room where he stayed about five minutes. He then returned to the basement via the freight elevator where the Sergeant was waiting for him. The Sergeant then escorted him to the Commerce Street entrance where THOMPSON left the building.

He then worked around the WBAP-TV trailer, located on the north side of Commerce Street near the ramp entrance; the KRLLD trailer, located west of the WBAP trailer on the north side of Commerce; and the WPAE trailer, located on the east side of Harwood near the intersection of Commerce and Harwood. He also went to the third floor of the building during this time after leaving the basement he was required to identify himself approximately a half dozen times.

When the shooting of LEE HARVEY OSWALD took place THOMPSON was in the WBAP trailer viewing the three TV monitors. One set was monitoring the Chief of Police office area, one was monitoring the Commerce Street ramp entrance, and one was monitoring the center basement ramp area. He viewed the shooting of OSWALD by JACK RUBY on TV monitor.

He never returned to the basement of the building; however, he was on the third floor after the shooting. He estimated the security checks tripled after the shooting of OSWALD.

He does not know OSWALD or RUBY and never saw RUBY at any time.

He does not recall any other telephone company employees on duty who would have entered the building on November 24, 1963.

RE: LEE HARVEY OSWALD

By letter dated May 20, 1964, the President's Commission requested the tracing of various items of physical evidence. Pursuant to this request, the following information is submitted:

Three Rifle Cartridge Cases, C6, C7, C38

On June 9, 1964, Lieutenant J. C. Day, of the Crime Laboratory, Dallas Police Department, Dallas, Texas, was exhibited three rifle cartridge cases, C6, C7 and C38, by Special Agent Vincent E. Drain, of the Federal Bureau of Investigation. Lieutenant Day related he went to the sixth floor of the Texas School Book Depository, Dallas, Texas, immediately after the shooting of President Kennedy on November 22, 1963. Lieutenant Day arrived at the Texas School Book Depository building at 1:12 PM. He advised he observed these three rifle cartridge cases, C6, C7 and C38, lying on the floor near a window on the sixth floor of the Texas School Book Depository building. These cartridge cases were dusted for fingerprints by him, placed in an envelope, and delivered to the Dallas Police Department.

On November 22, 1963, Lieutenant Day stated he wrote his name on all three of the cartridge cases. On November 22, 1963, two of the rifle cartridge cases, C6 and C7, were given to Special Agent Drain for delivery to the Federal Bureau of Investigation Laboratory, Washington, D. C., for examination.

Lieutenant Day stated that on November 27, 1963, rifle cartridge case C38 was given to Special Agent Drain for delivery to the Laboratory of the Federal Bureau of Investigation, Washington, D. C., for examination.
